

LEAPING FORWARD IN A CONNECTED AGE 2!

“PREPARING OUR LEARNERS FOR THEIR DIGITAL FUTURE”

FEATURING: SHERYL NUSSBAUM-BEACH (PLP NETWORK, 21ST CENTURY COLLABORATIVE, COLLEGE OF WILLIAM AND MARY, WILLIAMSBURG, VIRGINIA)

& DR. ALEC COUROS (UNIVERSITY OF REGINA, SASKATCHEWAN, CANADA)

JOIN OUR ALTERNATE REALITY GAME TO WIN AN... IPAD2.

Alternate Reality Games (ARGs) weave together real-world artifacts with clues and puzzles hidden online to create an engaging, collective experience for players. In an ARG, players follow a narrative through clues, puzzles, and events orchestrated by the game designer(s). Since no one is expected to find all the clues, the game's solution depends on collaborative effort. Follow along 5 days prior and during the 2 day conference to win!

THE UNCONFERENCE! This portion of this conference will allow participants to suggest topics they'd like to learn about, will encourage others to describe what topics they would like to lead, and through a democratic process, break-out sessions are formed on the basis of participant need and expertise. If you have never experienced an unconference, I highly encourage you to take a risk and see what it means when formal learning meets the wisdom of the crowd.

ABOUT THE CONFERENCE:

The goal of this conference is to have Teams leave with an action plan regarding the use of technology & social media in their districts/classrooms. Topics covered will include:

- Development and Integration of Digital Citizenship Curricula
- Creation of 21st Centuryized Curriculum (Core Content)
- Discussion of Social Media Policy & Intellectual Property Guidelines
- Discussion & Demo of the latest tools and gadgets
- Paradigm Shift for the Future
- Development of Responsible use Policies
- Planning for Open Leadership

WHO SHOULD ATTEND:

District Team: Senior Administrators, Technology Coordinators, Education Technology Coordinators, School Admin Representatives, School TI Leader Representatives and Board Members

School Teams: School Administrators, School TI Leader(s), Classroom Teachers and Librarians
