About the session:

Authentic, effective, informative assessment in food studies can be quite a challenge. There are a lot of areas that can be assessed, there is a lot of going on in the classroom at any given moment and it can be quite subjective. Come prepared to discuss what has been successful for you and let's work together to come up with more effective assessments in those challenging areas.

About the facilitator:

Jeff Lerouge is a former food safety expert and current food studies teacher at Notre Dame High School in Red Deer. Jeff is also a culinary arts instructor at Red Deer College with continuing education and is active in the Skills Canada Alberta movement
