### ABOUT THE SESSION:

One of the exciting parts of Financial Management is the financial worksheet which determines adjustments, net income/net loss, and distributes the information for the financial statements for a business. Once students understand the concepts involved, and have mastered this process manually, it is a great opportunity to utilize the power of the electronic spreadsheet to do this work!

### ABOUT THE FACILITATOR:

James B. Currie, CTS Teacher, Western Canada High School--"30 years of experience teaching business courses in Saskatchewan and Alberta....curriculum developer with the Sask Ed...NHL Scout...passionate about teaching and learning, and finding better, exciting ways of delivering."
