Moving From Formative to Summative Assessment for TMT Teachers *with DeeAnne Vonde & Susan DeWijk*

Tuesday, May 5, 2009

4:30 pm to 5:30 pm

Please log on at 4:00 pm to do your mic and speaker test!

No Charge

ABOUT THE SESSION:

Developing and using formative assessment tools in your classroom can provide a well documented guide of a student's progress. Some tools can easily be transformed into summative assessment tools. Let us share some strategies with you.

ABOUT THE FACILITATOR:

DeeAnne S. Vonde, holds a Ph.D. from Michigan State University in Human Ecology. After teaching at Michigan State University, Cal State University Los Angeles, Chapman College, and Cal Poly San Luis Obispo, she moved with her husband to Alberta. In Calgary she had the opportunity to teach for the Calgary Board of Education. She received the Prime Minister's Award for Teaching Excellence in 2001 for the creation on the T.E.A.M. Leadership program. This locally developed program is approved by Alberta Education and is offered to students in many schools throughout the province. T.E.A.M. Leadership is a student driven, service based class that provides students a voice in their school and community. DeeAnne has worked with students to coauthor several books on mentoring with funding from the Calgary Health Region, Health Canada, The Calgary Foundation, Social Venture Partners and Petro-Canada. She has published several articles on mentoring and leadership in professional journals.

Susan DeWijk is a retired CTS teacher whose specialty areas include Management & Marketing, Enterprise & Innovation, Financial Management and Information Processing at the Senior High school level.
