Safety in the Autoshop is No Accident *with Marlon Mohammed*

Thursday, April 23, 2009
4:30 pm to 5:30 pm
Please log on at 4:15 pm to do your mic and speaker
test!
No Charge

ABOUT THE SESSION:

In this Webinar I would like to share my experiences, insights and knowledge to this important part of all shop areas curriculum. Topics will include the following areas:

- General auto shop safety
- Common service and repair safety
- Equipment safety
- Tool Safety
- Fire safety
- WHMIS

ABOUT THE FACILITATOR:

My name is Marlon Mohammed and this is one of my favourite ways of describing myself to new students. I would say " ...I have been teaching high school automotive mechanics for the past 13 years and worked as a qualified mechanic for 12 years before that. So I have been around long enough to be able to help you in a variety of areas and I an excellent sense of how things are going in the shop so don't pull anything funny. I will know."
