CTS Discussion Session *with Stephen Wright*

Tuesday, December 7, 2010
4:30 pm to 5:30 pm
Please log on at 4:00 pm to do your mic & speaker test!
\$20

ABOUT THE SESSION:

When introduced, Introductory CTS modules were intended for delivery in Junior High. Now, with new CTS limiting 1-credit courses to senior high, a new optional program is required for junior high. Alberta Education has created a draft called Career and Technology Foundations based on the processes of product/services or performance production. Join us for a frank discussion on the problems and potential for this new direction for junior high option courses.

ABOUT THE FACILITATOR:

Stephen Wright is the Supervisor in Curriculum at Edmonton Public Schools who opened and oversees The Skill Centre, a hands-on set of programs accessed by students from across Edmonton. He has previously taught Industrial Arts and CTS and held a variety of roles in school administration and central departments. He can be contacted by e-mail at Stephen.Wright@epsb.ca
