Thursday, May 26, 2011
4:30 pm to 5:30 pm Mountain Time Zone
Please log on at 4:00 pm to do your mic & speaker test!
\$20

WHO SHOULD ATTEND:
Grade 10-12 CTS teachers

ABOUT THE SESSION:
Review the major injuries that occur to the knee joint: Torn ACL, MCL, LCL, PCL, Patellar femoral Pain syndrome, Torn meniscus, Quad contusions. Special tests to help evaluate injuries. Treatment and management of knee injuries.

ABOUT THE FACILITATOR:
Attended the University of Calgary from 2001 - 2005 in the faculty of Kinesiology. I Completed a Bachelor of Kinesiology with a Major in Athletic Therapy in 2005. Experiences included working with the Dino's Women's Soccer team, Co-Ed Swim team and Dino's Football team. That same year, I wrote my national exams and became a Certified Athletic Therapist CAT(C). In 2006 I returned to the University of Calgary to complete the Masters of Teaching program. I received my Bachelor of Education in the spring of 2008. I began with Edge School in the fall of 2003 as a contracting Athletic Therapist to their first hockey team that played in the RAHML. To date, I have worked with the top male hockey team every year. In the fall of 2008 I began full time at Edge School as a Senior High teacher and Head Athletic Therapist. I now hold the job positions of Director of Health Services and Manager of Sport Programs. I have taught Sports Medicine, Coaching and Leadership, and CALM. I have balanced my teaching with treating in our Sports Therapy clinic within the school and travelling on the weekends with the Boys Prep hockey team and/or Rugby team.
