Pre-requisites in CTS with Stephen Wright

Tuesday, November 23, 2010

4:30 pm to 5:30 pm

Please log on at 4:00 pm to do your mic & speaker test!

\$20

ABOUT THE SESSION:

Since CTS was originally introduced in 1997, there have been a variety of opinions on adding, removing or the appropriateness of identifying specific 1-credit courses (modules) as pre-requisites to other specific modules. The new CTS clusters appear to also place a single 1-credit course (module) as a gate keeper to other (sometimes unrelated) 1-credit courses. Are there alternative modules for prerequisites in CTS; please join the discussion to build ideas.

ABOUT THE FACILITATOR:

Stephen Wright is the Supervisor in Curriculum at Edmonton Public Schools who opened and oversees The Skill Centre, a hands-on set of programs accessed by students from across Edmonton. He has previously taught Industrial Arts and CTS and held a variety of roles in school administration and central departments. He can be contacted by e-mail at Stephen.Wright@epsb.ca
