Teachers of French as a Second Language.

About the session:

You know how important it is to be a good role model for your students as a FSL/FI teacher. It is understandable however that some of your oral and written French is a little rusty. Let's take the time to review some of the common mistakes that are often heard or seen as well as some neat idiomatic expressions that you could teach your students. The session will also look at your own needs and answer your pressing questions. It will be ½ day well spent!

About the facilitator:

Lise May Lise May has been involved in teaching FSL as a teacher, a consultant and a school administrator for many years. She has developed a L2 methodology course which she offers to student teachers in the French program at the University of Calgary, Faculty of Education. She has a lot of experience in using different and efficient strategies for learning and teaching FSL. She presently works as a coordinator/consultant for all French programs for the south of Alberta.
