Who should attend? Teachers K-3, EAs.

About the session:

Social skills can be a difficult area for Deaf and Hard of Hearing children to navigate. This series of monthly workshops are designed to help Teachers/EAs teach and nurture and support appropriate social skills for their students.

Workshops are designed for the students to attend with their Teachers/EAs although this is optional. One skill will be taught at each session using role-play, visuals, basic language and a very hands-on approach. Teachers/EAs and their students will also come away from each session with follow-up materials to continue practicing and learning when they return to their school.

About the facilitator:

Kim Bizuk works in the Central Alberta region as an Educational Consultant for the Deaf and Hard of Hearing. She started her career as a teacher assistant in Sherwood Park working with a young Deaf student. This inspired her to complete her B. Ed. at the University of Alberta. Kim moved to Red Deer as a newlywed to start her teaching career and her class list included another Deaf student. Motivated to better understand and teach her students, she returned to the U of A during her first maternity leave and completed her M. Ed. in Deafness Studies. Kim has been consulting for 8 years. She currently lives in Sherwood Park with her husband Bill and three young children.
