The Effects of Domestic Violence & Childhood Trauma on Early Brain Development *with Dianna Souveny*

Tuesday, October 6, 2009
4:30 pm to 5:30 pm
Please log on at 4:00 pm to do your mic & speaker test!
\$20

ABOUT THE SESSION:

Research indicates that very young children are affected by witnessing domestic violence and that there is a strong connection between trauma and early brain development. How can we recognize the effects of trauma related to early brain development in the preschool and school setting? What is our role and how can we make a difference in healing both the child and the affected brain.

ABOUT THE FACILITATOR:

Dianna Souveny In her work as a family support coordinator/consultant Dianna has trained and worked extensively with families and school systems throughout Alberta in the areas of Anger Management, Bullying, Social Skills Development, Attention Deficit Hyperactivity Disorder (AD/HD), Fetal Alcohol Spectrum Disorder (FASD), Helping Children Deal Effectively With Grief/Loss and Early Learning /Literacy. In her position as a program manager with Central Parkland Parent Link Network, Dianna develops preschool programming and parent education. She is the co-author of the popular book *ABC's for Success: Attention Deficit Disorders* and the coordinator of **Dynamic Development** which provides psychological services including psycho-educational assessments, behavioural consultations and coaching, workshops and training.
