

Knowledge & Employability Series: Differentiated Instruction & Learning

with Deb MacFadyen

Date: **Monday, January 16, 2012**

Time: **4:30 - 5:30 pm (Mountain Standard Time)**

****Please log on at 4:00 pm to do your mic and speaker test!!****

About the session:

Maximize your Knowledge and Employability student's learning by using differentiation in your process, product and/or content. Create learning situations that match the students' current abilities and preferred learning styles by offering different ways for students to explore curriculum and demonstrate learning that maximizes opportunities for learning.

About the facilitator:

Debbie MacFadyen is a CTS Specialist within CBE with over 25 years experience as a teacher, administrator, secondee to Alberta Education as a Knowledge and Employability Resource Manager and Career and Technology Studies Resource Manager, published author, and PD facilitator. Debbie's academic credentials include a BSc., BEd. and MEd. Having acquired a master's degree in Teaching, Learning and Supervision has prepared Deb for the responsibility of the acquisition and/or development of CTS and KE curriculum and resource materials, the KE online guide, the Studio and a number of safety resources. She has taught both academic and occupations and has been involved as a writer of the former IOP curriculum and resources. Deb has worked with the IOP/ KE learners and has mentored teachers in effective pedagogical practice.

Sessions may be changed or cancelled. Please check our website for current information. REGISTER ONLINE AT <http://www.carcpd.ab.ca>

If you are a first time user and would like a complete orientation, please visit the archived Elluminate Participant Orientation sessions at <http://illuminate.com/support/docs/9.0/participant.jsp>. This will ensure that your computer is properly configured and that you have successfully tested your headset and microphone prior to the session.

If you are a past user please visit the support portal (<http://www.illuminate.com/support/>) 30 minutes prior to the webinar to launch the technical configuration check (automatically starts in the background) to ensure your viewing computer is correctly configured.
