Secondary Chemistry Gizmo's Session Grades 7-12 with Stephen Lippa

Wednesday, January 6, 2010

4:30 pm to 5:30 pm

Please log on at 4:00 pm to do your mic & speaker test!

\$20

WHO SHOULD ATTEND?

Grades 7-12 Science teachers

ABOUT THE SESSION:

Unleash the power of inquiry-based learning using the award-winning library of Math and Science Gizmos at ExploreLearning.com. Gizmos help you take advantage of research-proven instructional strategies that let students of all ability levels develop conceptual understanding. With hundreds of Gizmos at your disposal on the Learn Alberta portal, you can supplement and enhance your instruction with powerful interactive visualizations of science concepts. Students can use simulations to manipulate key variables, generate and test hypotheses, and engage in "what-if" experimentation. You've Gotta get Gizmo!

ABOUT THE FACILITATOR:

Stephen Lippa is a physics teacher who recently left the classroom to join Explore Learning as a full time Project Manager in Ontario. He is actively engaged in supporting teachers around the world in professional development activities and shares his experience with Gizmos as a tool to differentiate classroom instruction. Originally from Alberta and trained at the U of A, Stephen's passion for learning has lead him to teach students in science classrooms in Alberta, Ontario, Kenya, and Brazil.
