Learn about Video Streaming *with Rocky Wilson*

Monday, May 16, 2011

4:30 pm to 5:30 pm Mountain Time Zone

Please log on at 4:00 pm to do your mic & speaker test!

\$20

WHO SHOULD ATTEND:

Anyone interested in video streaming

ABOUT THE SESSION:

The one hour session will provide an opportunity for participants to observe what the schools in southern Alberta are accessing in regards to content providers (brokered through the Southern Alberta Learning Resource Center - SALRC). The providers include:

United Streaming (Discovery Education <http://streaming.discoveryeducation.com/>)

Learn 360 <http://www.learn360.com/index.aspx>

and Access Learning <http://accesslearning.com/>

The focus of the session will be from the teacher's perspective in the classroom. The information relating to technical aspects will be limited. IT personnel will be encouraged to contact the providers for clarification of the technical aspects.

ABOUT THE FACILITATOR:

I am currently employed by the Palliser Regional Schools Division. I enjoyed 24 years in the classroom, teaching junior high math, science and computer technology. I am now fortunate to have the opportunity to work with teachers throughout the school division, assisting them in the integration of technology into their classrooms. Added to this, I can see the infamous 'light at the end of the tunnel' as I am currently working on completing my Master's degree in IT Leadership from the University of Lethbridge.

★ Sessions may be changed or cancelled ★
