Working Together: Making a Difference

Promoting student achievement and school improvement through professional development.

SMARTBoard Math/Science K-12

with Karla Holt

Date: Wednesday, September 28, 2011	Venue: River Glen School, CARC Suite
Time: 9:00 am - 3:30 pm	Address: 4210 59 St., Red Deer
Cost: \$30	Lunch: Lunch is Included

This session is made possible through a grant from Alberta Education

Who should attend? K-12 Teachers

About the session:

This session will delve into how you can integrate your SMART Board into your Math and Science curriculum. You'll have the opportunity to explore online interactive resources available for Math and Science to use on your SMART Board. Also, you'll explore SMART tools, the Gallery and Lesson Activity Toolkit in SMART Notebook Software and how they can be used to support student learning in Math and Science.

In this session, you'll:

- learn how to create links to online resources and other files.
- use page recording and the SMART Recorder
- explore how to embed sound and video files in Notebook Software
- use the Gallery and Lesson Activity Toolkit to create interactive learning resources for your classroom context.
- create a short learning resource to use in your class.

About the facilitator:

Karla Holt Karla trained as a teacher and taught here in Alberta from 1997-2000, then moved to Liverpool, England where she worked as a Primary School Teacher (teaching children aged 5 - 11 years old). She worked at a Technology Specialist School using innovative technology in the classroom until 2007 and then managed a Study Centre at Everton Football Club, which was also a Technology Centre of Excellence, where school groups attended once a week for a 10 week period to work on technology based projects. These projects directly covered National Curriculum Objectives, but in a fun and innovative way. She worked with pupils aged 7 -14 years old at the Study Centre.
