Join us for series of 7 technology mediated, after school, professional learning opportunities that explore the use of technology to support student learning. You'll hear from other classroom teachers how they are using these tools and strategies to engage learners. Be prepared to share your experiences and learn together the best practices from other professionals. Register for as many as fit your interests and busy schedule. Our final session will be a face to face showcase of learning throughout the year.

October 25 - **Smart Surprises**- "I didn't know kids could do that with a Smartboard."
November 22 - **Moodle Munchies** – Moodle and its many facets – making the most of the learning management system.
December 13 - **Video and Visual Literacy**- A picture is worth a thousand words! Use visuals as part of every great lesson.
January 24 - **Project Based Learning** - Teachers all have projects to share. Scale up or down some of the best ideas from teachers in Southern Alberta.
February 28 – **Assessment Makes me a Better Learner** – Allow students to use technology to demonstrate understanding and competence.
March 20 – **Video Conferencing** – cost effective collaboration for professionals
April 24 – **Open Microphone** - What's the best thing you've done this year? You're not bragging you're just proud of the way learning is happening in your classroom.
May 15 – **Face to face**- all participants are invited to a face to face supper where the work from the year will be showcased. A certificate for attending at least 4 of the sessions offered throughout the year will be presented.

Classroom teachers who have expertise in these topics will share their best practices and strategies in these one and half hour sessions.

Payments received after workshop date will be assessed a \$10 late fee
