

Teaching Concept Based Curriculum--Day 1

Presented By: Julie Stern

Date(s):

Friday, May 15, 2020
9:00 AM - 3:30 PM

Session Location:

Central Alberta Regional Consortium
8 Page Avenue, Red Deer, AB

Registration Fee:

\$175.00

Audience: Teachers

Grade Level: K-12

About the Session:

Making Sense of Learning Transfer and Concept-Based Curriculum and Instruction

Innovators don't invent without a deep understanding of how the world works. With this foundation, they apply conceptual understanding to solve new problems. This workshop provides tools for how to help students uncover conceptual relationships and transfer them to new situations.

Foundation Day

This workshop demonstrates practical ways teachers can begin to build the schema in students' brains that facilitates deeper understanding and the ability to unlock complex problems through learning transfer.

Learning Intentions:

- Investigate the role of conceptual understanding in retrieval of information, depth of understanding and transfer of learning.
- Understand that transfer is both a means and an end.
- Examine the importance of quality thinking and metacognition in transfer of learning.

About the Presenter(s):

Julie Stern

Julie Stern is the author of Tools for Teaching Conceptual Understanding. She is a teacher trainer and instructional coach, supporting educators in breaking free of the longstanding industrial model of schooling. Julie is a certified trainer in Visible Learning and Concept-Based Curriculum and Instruction. She is a James Madison Constitutional Scholar and taught social studies for many years. She is a Verified Master Trainer and has Coaching and Change Management Certificates from the Association for Talent Development (ATD). Julie previously served as the director of Curriculum Innovation for a network of schools in Washington, DC.
